

Broadening Horizons

Our intent is that all students have a full understanding of how to develop themselves as well rounded citizens, maintain healthy relationships and understand how to keep themselves safe both online and in their day-to-day life. We want all students to know what options are open to them in the future and understand the routes they have in order to progress on their life journey. To achieve this, our curriculum includes: artists and cultural links, visits or a visiting artist, virtual galleries, looking at the greater awareness of artwork in the wider world, after school art clubs, links to employment opportunities including ceramicist and printmaker, and working with an artist in their own environment where appropriate We also learn about historical and contemporary artists.

Careers

We run a series of 'Careers in the Curriculum' weeks in our school. For Art, this week takes place in November. Students will learn about how to apply the skills they learn in art, to the wider world or work such as creativity, organisation and critical thinking. Students will learn about how these skills can be used in a variety of jobs. Students will also learn how to link the art subject way to life skills.

ART
YEAR 9 Curriculum Newsletter

Curriculum Intent

The student success that we celebrate in Art is achieved through inspiring and challenging lessons, equipping students with the knowledge and skills required to work creatively and independently.

Students gain a firm understanding by investigating a range of art movements from different cultures, artists, crafts people, designers and architects. They are taught how to control a range of materials through specific tasks.

We encourage our students to experiment, invent and create their own works of art.

Our curriculum empowers students to develop as artists by working on individual pieces, enabling students to become independent and creative.

We aim to ensure that students value the role of art in the wider community and are confident to use the skills they develop to get involved in activities that enrich themselves and their communities.

Have your say!

At WPT we're always looking for feedback. If you have any thoughts/opinions on this Curriculum Newsletter, its content or the curriculum in general, please scan the QR code to fill out a short feedback form.
